

New Product Request

Dear Store Manager,

I am a regular shopper in your store and request that you carry VFuel Endurance Gel. VFuel is a newer gel that promotes active recovery and is the most easily digestible gel on the market. They are, objectively, the best gel available!

VFuel was developed with digestibility in mind, as well as to aid in recovery by reducing delayed onset muscle soreness. It is also the first gel to contain a pure, clean, source of fat in the form of MCT oil, or fractionated coconut oil.

This product can be ordered from VFuel directly on www.VFuel.com, by calling their sales team at 888.662.6679, or by emailing them at sales@VFuel.com.

VFuel Endurance Gel
